6. APPROVAL OF THE BOARD OF DIRECTORS' NEW POLICY ON REMUNERATION FOR EXECUTIVE MANAGEMENT

Chair of the Board of Directors Dag Mejdell gave a statement on the Board of Directors proposed new policy on remuneration for executive management.

Chair of the meeting read the following statement from the Ministry of Trade, Industry and Fisheries:

“The Ministry of Trade, Industry and Fisheries (NFD) has considered the Board's guidelines for determining salaries and other remuneration to executive personnel in light of the State's position on executive remuneration, as described in the white paper “The state's direct ownership of companies” and “Guidelines for remuneration of senior executives in companies with state ownership”, as well as the new provisions in asal. § 6-16a with associated regulations. The State's expectations express what the State will emphasize when voting on executive remuneration at the company's general meeting. The State expect, inter alia, that variable remuneration is transparent and clearly understandable. The new provisions in asal. § 6-16a advocate, inter alia, for more transparency concerning the remuneration guidelines in companies, in order to create a better connection between the management's remuneration and the company results and to endorse the company's long-term interest. NFD has had a good dialogue with Hydro on the Board's guidelines for remuneration to executive management and has provided input. Some of this input

has been taken into account. However, it is NFD's view that the guidelines only to a lesser extent contain quantifiable goals or text explaining how the different goals count towards bonus earned, and that some measurement criteria and their respective mutual weighing are missing. Nor is there an alternative text which may clarify the schemes. It is therefore still challenging to understand to what extent the variable remuneration schemes have an incentivizing effect and are actually variable. NFD assumes that the schemes will be presented in more detail in next year's salary report. However, in light of the above, the NFD requests that the Board present its guidelines for consideration by the general meeting next year. On this background, the NFD votes in favor of the Board's guidelines."

In accordance with the Board of Directors' proposal, the Annual General Meeting resolved the following:

"The Annual General Meeting approves Norsk Hydro ASA's remuneration policy for executive management."
